SIEMENS SMART LOCK - E350

Senses of intelligent

SIEMENS

Siemens Smart Lock
E350 Features

CHAMPAGNE GOLD

PALLADIUM SILVER

SPACE GREY

Fine Craft
- Ergonomic Handle Design IML Technology to eliminate fingerprint residue.

Semiconductor Fingerprint Sensor
- Fingerprint Sensor with wide sensing area, tailor-made by FPC Company.
- High-Security Algorithm with gun safe level encryption.

Optimized Electronic Design
- Higher ESD Standard Moisture-proof technology.

Dual MCU
- Double protection with Individual MCU for internal & external circuits.

C-Class Cylinder
- C-Class Anti-Drilling Cylinder.
- Key with Double-S shaped grooves.

Child Lock
- 2-Step Unlocking. (Press button while pulling lever).
- Peep Hole tool to prevent intrusion.

Status Alarm
- Abnormal Status & Tamper Alarm.
- Low Battery & Multiple Entry Failure Alert.

Fake PIN Codes
- Up to 20-Digit PIN with redundant digits to foil peeking.
- Fingerprint Residue Resistant Touchpad.

Multiple Unlock Methods
- Fingerprint, PIN Code, Encrypted ID Card & Key.

76mm

390mm

24mm

Access Solution	Fingerprint / PIN Code / Encrypted ID Card / Key					
Fingerprint Identification	Semiconductor Sensor					
Fingerprint Capacity	Up to 100	Pin Capacity	Up to 50	Pin Length	6 -12 Digits	Card Capacity	Up to 10
Power Supply	AA Battery x 8, Type-C Charging for Emergency					
Low Battery Indicator	Voice Alert Triggered when voltage is less than 4.8V					
Safety Alert Function	Trigger Alarm after 3 Continuous Authorization Failures, System Disable for 90 Seconds after 5 Failures					
Main Material	Aluminium Alloy					
Product Size (mm)	390 X 76 X 24 (Lever Not Include)					
Supported Door Types	Fire Door / Solid Wooden / Timber Door / Burglarproof Metal Door					
Supported Door Thickness	40 - 100mm					
In The Box	Exterior Body, Interior Body, Mortise, AA Batteries x 8, Cylinder, Installation Template, User Manual, Accessories, Keys x 2, Cards x 2
